OR: 3300 PREAMP
120 FM TUNER
240 POWER AMP (same power as 250, but without front panel meters)
Regularly \$1219.00
Christmas price **988.**

If you could tippy-toe into the sugarplum dreams of the state-of-the-art stereo buff, you would discover these Marantz components would be at the top of his "Santa, please..." list. And, in time, for Christmas, Stereo Studio gives you a special package price on all three: the superb Model 3300 Stereo Preamp/Control Console, with THD and IM distortion at less than 0.02%, and frequency response ± 0.25 dB, 20 Hz - 20 kHz! The Model 120 AM/FM Tuner, with built-in oscilloscope, Gyro-Touch Tuning, and output level controls. The Model 250 Power Amp, with 125 watts RMS per channel into 8 ohms, both channels driven, total harmonic and IM distortion less than 0.1%, 20 Hz - 20 kHz! (The Model 240 Power Amp carries the same electronics specifications, but does not have the illuminated meters or front panel controls.) Marantz and Stereo Studio 3 year parts and labor warranty on all three units.

BEST-SELLING SYSTEMS with our 3 year warranty!

SYSTEM 1

SUPERSCOPE
BSR McDONALD
WESTEK

Perhaps, even with the generous price reduction, the Marantz components are still not quite what you (or your budget) had in mind. True components with our three year warranty are still within your reach.

Our System 1 will provide realistic sound at levels high enough for small to medium-size rooms. The control center is the Superscope R330 Receiver. An AM/FM Stereo Receiver, the R330 offers 18 watts RMS, and an array of convenience features like precision rectangular pushswitches, balanced flywheel tuning, and a professional-style sliding graphic balance control.

The turntable is a BSR/McDonald 260 A/X, complete with base, dust cover, and ADC magnetic cartridge. Speakers are by Westek, and come in your choice of four grill colors.

LIST PRICE: \$289.90 **SYSTEM PRICE 239.00**

SYSTEM 2

Our System 2, for a bit larger budget, offers more power and larger speakers. That means better capability of filling a medium-sized room with sound, and more bass response.

Control center is the Superscope R340 AM/FM Stereo Receiver, which delivers 24 watts RMS and includes provision for four-channel sound.

Turntable is the BSR/McDonald 310 A/XE, with elliptical stylus cartridge, cueing lever, base and dust cover. Harman-Kardon HK20 speakers deliver a virtually flat response across the audible frequency range. LIST PRICE: \$389.90

SYSTEM PRICE 299.00
