

ANSWER 10 SIMPLE QUESTIONS, AND WIN A FREE PAIR OF HEADPHONES.

By answering each of the ten questions below in the blocks provided, you will produce a ten-letter word on the vertical line shown. The first five people to bring a properly completed puzzle showing the winning word to either our downtown store (414 South 11th) or the Gateway store on FRIDAY, MARCH 22, will receive a free pair of stereo headphones. (Five pairs of headphones will be given at each store, however, you can win only once.) After the first five at each store, anyone with a properly-completed puzzle can buy the headphones at half price. (Clue: answers to these brain-racking questions appear in this or some of our previous advertising).

- How long is the Stereo Studio parts and labor warranty on components?
- What speaker manufacturer is famous for its "Voice of the Theater" models used in many auditoriums?
- What famous name brand of microphone and phono cartridges is synonymous with the word "certain"?
- Without this, guaranteed by the seller, the price of your stereo components can be a lot higher than what you pay to get them.
- How long has Stereo Studio sold and serviced stereo components in Lincoln?
- What well-known turntable brand is found in many of our component systems?
- What famous tape recorder brand name is also found on Trinitron color TV sets, also sold at Stereo Studio?
- What stereo manufacturer is famous for pioneering consumer Dolby Noise Reduction in cassettes, and superior low-cost speakers? (See Systems 4 & 5 below).
- What do you get from Stereo Studio if your stereo component purchased from us fails within 30 days, and we can't repair it in four working days?
- In what city are defective components returned to Stereo Studio under its warranty, repaired?

THE WINNING WORD IS _____

NEW System 4 \$399

LIST PRICE \$440.00

Our medium price component system truly represents some of the good reasons for choosing a system line-up that we've been talking about. Prime example: the control center is the Harman/Kardon 330B AM-FM Stereo Receiver. Its predecessor, the 330A was an unqualified best seller. The "B" version has a beefed-up power transformer providing higher supply voltage to the amplifier circuits whose new output transistors

supply higher power with greater reliability. Height: 20 watts RMS per channel - maximum in receiving in its price range. And, a walnut cabinet is included. The BSR 510 AX has an ADC K-7E elliptical stylus magnetic cartridge, anti-skating, damped suspension, synchronous motor, tone and dust cover. Speakers are the smaller Advents, compared favorably with speakers twice their size and price.

NEW System 5 \$479

System 5 is designed to provide enough power for room filling as response in all but the largest listening rooms, plus a variety of refinements in the control center and record changing mechanism while still remaining in a below-\$500 medium price range. The control center is the Yamaha CR400 AM-FM Stereo Receiver, which delivers 32 watts RMS, both channels driven into 8 ohms at 20 to 20,000 Hz, with less than .5% Total Harmonic Distortion and Intermodulation Distortion at rated power. Tantalum specifications normally found in receivers costing much more. And, the Yamaha 400 has inputs for tape record and monitor, plus front-panel microphone jack and microphone amplifier with independent volume control. The tuner section has both signal strength and tuning meters. Automatic turntable is the BSR 610 AXX, with ADC K-5E elliptical diamond stylus magnetic cartridge, anti-skating, damped suspension, synchronous motor, heavy duty platter, charge cycle noise muting circuit, walnut grained base and dust cover. The Smaller Advent Loudspeaker has been compared favorably with speakers twice its size and price. Stereo Review magazine said, "In respect to balance, low-frequency solidity, clarity and definition, the Smaller Advent ranked with some of the best."

IF YOU'RE READING A LOT (ADVERTISEMENTS, TEXTBOOKS, PLAYBOY) BECAUSE YOUR STEREO SYSTEM HAS FIZZLED, BRING IT TO OUR REPAIR DEPARTMENT, DOWNTOWN STORE. WE SERVICE ALL BRANDS, AND OUR SERVICE COMES WITH A WRITTEN WARRANTY, TOO!
