

Craftsmen from throughout Nebraska displayed their handiwork for viewers at the Memorial Plaza in front of the Student Union. Displays were set up for the craft fair held June 12 and 13.

Works of art at the fair were diverse. Craftsmen displayed their skills in such things as quilt making, woodcarving, silversmithing, macrame, batik, weaving, dish painting and instrument making.

Each week during the summer a different craft will be displayed in the main lounge of the Union. Some of the craftsmen have their work for sale or will take orders.
