

## *Audience invited to 'Birthday Party'*

You are invited to a birthday party.

A birthday party for Stanley (Jim Sudik, top), even though it's not his birthday.

A birthday party hosted by Meg (Jen Saunders, above), who is not quite in control of what is happening.

The other guests will be Lulu (Jann Simpson, left), Mr. Goldberg (Bill Wallis, right) and Mr. McCann (Alan Nielsen, left below), none of whom are really friends of Stanley.

The party will be staged by the Summer Repertory Theatre in the Studio Theater on an alternating schedule, and is directed by Dr. Morgan.

The entire affair comes compliments of Harold Pinter who never allows anything to be exactly as it seems.
