

## RACETIME 60 YEARS AGO

Sept. 22, 1914—"The second day's enrollment had reached 725 at 4 o'clock this afternoon, 35 less than the total enrollment of the second day last year. Registrar Frank Chambers expected that the number would equal that of last year before night."

"The total enrollment for the first day up to 4 o'clock was 1,802, showing an increase of 154 over the first two days last year."

\*\*\*

"Dean Bessey announces that the cactus plant in the green house is again threatening to bloom. Last semester the same plant created a sensation by blooming unexpectedly. The portion in the green house is a three foot branch of a thirty-foot plant, a native of Arizona."

"The botanical department is also raising a fine crop of rice just north of the green house. If the frost is late coming they expect to have a real crop of rice as it is already heading."

"In the initial football practice yesterday thirty-six moleskin-clad huskies tore up the sod of the 'corn field' in an effort to gain the approval of our long and supercritical coach. The wonder working mentor put the candidates through a grueling three hour workout."

"Coach Harmon led a large squad of first year heavyweights out to the farm field, where he gave them a long thorough drilling in the fundamentals of the gridiron game."

You are cordially invited to Merle Norman Cosmetics' exclusive complimentary make-up lesson.

A complete new look and a complexion care program designed just for you. Call today.
