Course for happiness

"Exploring Awareness" is the topic of a six-week series of short courses conducted at UNL beginning Oct. 14.

Sponsored by the NU Extension Division, the courses are designed to explore the potential for people to be happier through group participation in verbal and nonverbal experiences.

The staff for the short courses will be Betty Berquist and James McCabe. They have trained at Esalen Institute in Big Sur Calif., and have worked with national leaders familiar with the topic. Their goal is to help people explore how they feel about themselves and others and how they can feel better.

The two-and-one-half hour sessions will be conducted at Wesley House, 640 N. 16th St., with evening sessions beginning at 7 p.m. on Oct. 14, 15, 16 and 17, and afternoon sessions at 3 p.m. on Oct. 15 and 16. Each of the short courses will meet weekly until Nov. 22. Enrollment in each group will be limited to 14 persons.

RACTIME

60 YEARS AGO

September 27, 1914—"The manuscripts of the plays submitted to Kosmet Klub this year must be in by October first. As announced last summer, the play, lyrics and music must all be ready at this time, as rehearsals will start immediately and the play will be given sometime before Christmas.

"In order to insure absolute impartiality on the part of the Klub in judging the plays, the manuscripts are to be turned in under fictitious names. A sealed envelope, with the fictitious name on the outside and the name of the author or authors on the inside is also to be turned in along with the play."
