

CSL nixes proposal

The Council on Student Life (CSL) Thursday night defeated a recommendation that would have asked the Athletic Dept. to treat UNL faculty and students equally when confiscating football tickets because of misuse.

The recommendation, part of the report of the ad hoc CSL fees and fines subcommittee, would have required that all university faculty, staff and students entering Memorial Stadium for football games have their identification checked, and that the penalty of confiscation apply to all.

Several CSL members said faculty are not checked for proper identification, and many sell their tickets. They said students are more likely to be checked.

Technically, both faculty and students are subject to ticket confiscation by the Athletic Dept. when tickets are transferred by the owner. But the ad hoc fees and fines committee found that there "is little effort to apprehend staff violators."

The recommendation, which failed by 12 to 1 vote, was opposed by CSL member Chip Lowe, who said the proposal was an attempt "to treat all of the university population the same."

The proposal to drop the recommendation was made by Terry Klopfenstein, who said "I don't think Chancellor Zumbege should be treated the same as a new freshman."

Faculty members pay \$22.50 for football tickets, while students pay \$17.50.

There was consensus among CSL members that the Athletic Dept. has the right to impose restrictions on the use of faculty and student tickets because of their reduced price.

In other action on the fees and fines report, CSL approved a recommendation that the UNL Accounting Office make a permanent record of the rationale behind its interest rates on student loans. The office collects all student loans for graduate and undergraduate students, but has no explanation of why the rates are at their current levels.

The interest rates, applicable nine months after a student graduates, consist of a zero per cent charge on federal loans, a 4 per cent charge if paid before the due date, a 6 per cent charge if the student leaves school before the due date, and a 9 per cent charge if the loan is delinquent.
