

RHA holiday plans

Yule dinner, dance

Plans for the traditional Selleck Quadrangle wassail dinner and the Burr-Fedde winter formal were part of the discussion of coming Christmas events at the Residence Hall Assoc. (RHA) meeting Thursday night in Smith Hall.

Norma Watenpaugh, Selleck Quadrangle representative, reported on the wassail dinner scheduled for Dec. 12 at Selleck. Joe Lux, Selleck Quadrangle president, said among the guests invited are NU Board of Regents members, UNL Chancellor James Zumberge, the president and vice president of ASUN, president of the Residence Hall Assoc., top housing officials, the mayor of Lincoln, and as an honored guest, John Selleck, founder of the residence hall. Santa Claus will also make an appearance and pass out candy canes, Lux said.

Guests and students from other residence halls are invited to the dinner, Lux said, but they must make a reservation by noon on Thursday at the Selleck switchboard. Students will be given a time card allowing them to eat in one of the three shifts. A limit of 75 people from other residence halls will be allowed to make reservations.

Lux said he anticipates an attendance of about 400 people at the semi-formal dinner which is sponsored by the Selleck government in cooperation with Selleck food service. Hors d'oeuvres will be served in the snack bar beginning at 4:30 p.m., Lux said, and entertainment will be provided during dinner and probably during the social hours.

Ted Marek, Burr Hall representative, said their traditional winter formal dance will be Dec. 13 at the Flying V at Utica. Henry Nuxoll, Burr Hall president, said Poly Chrome will play at the dance from 9 to 12 p.m. which is sponsored by the Burr-Fedde hall governments.

Tickets for the dance are \$3.50 for couples or \$2.00 for singles.

The progress of uncompleted projects was also discussed at the meeting. Tim Evensen, RHA president, said the residence hall capital improvement proposal for \$325,000 has been delivered to Ken Bader, vice chancellor for student affairs, and that copies of the proposal are available at the RHA office.

Representatives from the residence halls reported that there has been no action at their government meetings concerning improvement of parking facilities.

The use of the scribe program in residence halls was also reported by representatives. The Scribe is an instrument to inscribe a student's name or identification number on plastic, metal, or wooden objects. Evensen described the program as a "successful flop" and encouraged representatives to publicize the program more in their halls, and make the scribes easily accessible.
