

Faculty lunches paid

The UNL Residence Hall Association (RHA) unanimously approved a plan Thursday night to let faculty members dine with students in food service areas, with RHA picking up one dollar of the meal price.

The price of lunch for a faculty member would be \$.75; dinner costs would be \$1.25.

To participate in the program, designed to increase student/faculty interaction, the visiting faculty member would have to be sponsored by two students and have the prior approval of an RHA officer. Due to financial restrictions, only ten meals per week could be sponsored by RHA.

Richard Armstrong, UNL director of Housing, appeared at the meeting to explain to a crowd of about 75 students the proposed \$140 per year increase in room and board rates. If the increase is approved at the Regents meeting Saturday, the price of a 1975-76 residence hall contract will be \$1,235, a 12.8% increase over the current academic year contract.

The budget increases are based on a rate study authored by Barb Sanderson, assistant director of Business and Finance for the Housing Office.

According to Armstrong, the rate study was designed to assess the operational budget for the current year and to make adjustments for the coming year, in order to remain financially solvent.

The rate study was conducted during the November and December of 1974 and its conclusions are based on data from November 1974 to October 1974, Armstrong said.

Budget preparation was based upon an average occupancy rate of 86.3% for the 1975-76 year. Armstrong said that the occupancy rate probably would not fluctuate greatly and that inflation will also affect the student who lives off-campus.

Rising rent costs and higher food and transportation costs, he said, will offset any economic advantages of moving into an apartment.

He predicted less revenue from student room and board payments, but a small increase in funds gained by special services the residence halls provide. Such services are guest rooms and summer conferences.

SkYROCKETING utility costs will be a large chunk of the increased costs, Armstrong said. A 5% increase has been budgeted for steam heating operations, 15% for electricity, 25% for airconditioning, and a 30% minimum increase for water.

Food cost increases will amount to 15% for city campus and 18.5% over all, according to Armstrong.

In other business, RHA voted unanimously to appoint Steve Houser of Harper Hall as Housing Committee chairman.

Revised bus schedule

Following is the revised UNL intercampus bus schedule. Three buses now operate on a 20-minute schedule and a bus will leave each campus every 10 minutes. John Duve, UNL parking coordinator, said the revised schedule should reduce waits from 45 minutes to 20 minutes.

DEPRESSION ART "FOUND"

Public Offered 1937 U.S. Gov't Art Prints

A series of rare coincidences has led to the historic discovery of several thousand sets of full color antique art prints that were "lost since 1937." They are now being offered to the American public.

Eleanor Roosevelt

Back in 1937, immediately following the depression years, Mrs. Eleanor Roosevelt and a select group of a dozen nationally prominent people formed a voluntary national committee for art appreciation to create an art program that would give the public a well-needed moral lift. It was the committee's decision to select the world's most famous paintings from the 16th, 17th, 18th, 19th and 20th centuries - the best paintings of Matisse, Van Gogh, Gainsborough, Picasso, Gauguin, Titian, etc., and to reproduce them in full color as perfectly as humanly possible and make them available to the public at a price within the reach of nearly everyone.

Abandoned in 1937

For some unknown reason, after a quantity of these beautiful reproductions were made, the entire project was abandoned and this collection of perfect reproductions was stored in a Brooklyn warehouse, where they remained undisturbed since 1937.

The lost collection was "rediscovered" and leading lithographers and art critics agree that the subject matter and quality of detail and color reproduction is incredibly accurate. Over \$500,000.00 had been spent to make finely engraved glass printing plates. These authentic original 1937 prints are literally collectors' items and have been appraised by the American Appraisers Assoc. at \$7.00 each print. Once they have been sold, there will be no more available. A truly excellent art "investment" that makes a fabulous gift.

Available to Public

Now, after 38 years these full color 11"x14" (ave. size) prints are finally available to the public at \$19.95 for a collection of 18 prints. Send cash, check or money order to: U.S. Surplus, Dept. #X31, P. O. Box 605, Tarzana, Calif. 91356. Fully GUARANTEED. Certificate of authenticity given with each set. Mastercharge and BankAmericard OK (give card number).

Put a little ding in your day.

A Rumdinger is 10 natural, tropical flavors, the lightest, brightest Puerto Rican rum and the best way to make your day some-ding special. In 8 oz. bottles or the party size fifth.

Rumdinger. The new way to drink.
