

Leslie Adonizio of Coral Gables, Florida, has bought eleven cameras, a watch that tells the time in each and every spiral galaxy, and a sports car that changes color when pursued, but the only thing that's fun anymore is his stereo system he bought from us.

harman/kardon
BSR McDONALD
ADVENT

Now. We've put this really terrific system together around the Advent/2's for only \$349, and if you don't already own a really good stereo system, you'd be crazy not to get the money together in some legal way and buy it. Besides the Advent/2's, it's got a fine Harman/Kardon 330B receiver to power the Advent/2's. It will receive all the FM and AM stations you desire. We include a BSR/McDonald 2310 AXE automatic turntable with an ADC K-8E magnetic cartridge and diamond stylus that will do good by your records.

Don't be foolish and buy some mass-market chrome phonograph when for very few dollars more you could have this system. And don't go around buying super-fanatic cameras and things until you have a good sound system like this to help you see better.

Take it from Leslie, who sends his best.

Leslie reports that his Advent, Harman-Kardon, BSR, ADC system from our place is sometimes the only thing that keeps him going.

"I listen to those Advent/2 speakers", he writes, "which cost me so little, and I am so embarrassed at their splendiddness and realism that I sometimes think that it would be nice to send Advent or you more money. But fortunately, music also heals my head so nicely at those times that everything comes out all right. I'm working on

it, but money still means a lot to me."

Advent, which is helping us pay for this ad, informs us: "We are really happy that Leslie wrote in like that. We spent twenty years learning to make a speaker as good as the Advent/2, which (believe us) is really wonderful, for so little money, so we don't want any more scratch for ones we've sold. But we hope Leslie gets the money thing under control; it's been driving him crazy for years. Thank you."
