**iowa beef is a cut above the usual bull.**

And isn't that refreshing in today's world? Isn't that what you're really looking for? In a company you can trust, in a career you can grow with?

As the foremost beef processor in the world, the largest employer in the area, a Fortune 200, billion dollar leader, we're virtually a child prodigy. A seasoned 14-year-old with wisdom far beyond our corporate years. You could say we've made it. But we don't. We say we're making it. Because this is only the beginning.

And you can make it with us. In the realm of creative engineering, with scientific and social awareness, with innovative problem-solving approaches, with a wide-open imagination. We need talented CHEMICAL ENGINEERS, ELECTRICAL ENGINEERS and MECHANICAL ENGINEERS who can take what they've learned and build on it...until they can teach us a few things. Because we'll never be too old...or too big...to learn.

And there's top compensation available. Like excellent salaries and generous fringe benefits. Food for thought. And a back-to-nature environment. And self-respect. It's a cut above the usual bull. For a cut above the usual career.

Our representative will be on campus Tuesday and Wednesday, March 4 and 5, 1975.
