Pioneer TP-700 FM Stereo/8-Track

Plays 8-track cartridges and FM stereo or mono like you've never heard it before. An automatic repeat button lets you play your favorite tunes over as many times as you like...or the program changes automatically. Also features sliding volume, balance and tone controls!...and automatic radio-to-tape change-over. Installs swiftly and easily under the dashboard of practically any car.

Was \$119.95. Save \$30 off our regular price!

Now only **\$89⁹⁵**

Pioneer TP-777 Stereo 8-Track

All the performance features of the TP-700, minus the FM stereo radio. You still get lighted program indicator, automatic repeat button and smooth, slide controls. Was \$79.95. Save \$20 off our regular price!
