**MARIJUANA? IT'S ALMOST LEGAL.**

**ISN'T IT?**

No. Nothing is ever "almost legal." Especially marijuana. Last year alone 420,000 people were arrested for marijuana offenses. Of those, 90% were for simple possession.

But now a growing number of Americans are thinking seriously about changing the present marijuana laws. In fact, some laws have already been changed. The state of Oregon has successfully decriminalized the personal use of marijuana. The American Bar Association, The National Council of Churches, Consumers' Union and The National Education Association have urged other states to do the same. An inevitable chain of events has begun. Become part of that change.

Help us help you.
