Because it is there

The heights of peace are not scaled by the angry and violent climber. Violence always obscures goals and dissipates constructive energy. The path of non-violence leads to God. It is a realizable goal. Individual women and men have achieved it. Perhaps some day nations will. You and I can help show the way. Get together with your family, friends, neighbors, or co-workers to discuss the problems of violence and how you can work together to help solve them. For a helpful discussion guide and further information write: Religion In American Life, 475 Fifth Ave., New York, N.Y. 10017. Play an active role in your community and help show the way.
