## Estate seminar planned

More than 350 lawyers from throughout Nebraska will attend the Nebraska Estates Planning in-Depth Institute at the UN-L College of Law Thursday through Saturday (July 17-19).

The Conference is co-sponsored by the College of Law, the Real Estate, Trust and Probate Section of the Nebraska State Bar Association, and Nebraska Continuing Legal Education, Inc., which is a corporation created a year ago by the Bar Association to coordinate legal education programs in Nebraska.

UN-L Law Professor John

Gradwohl said the institute will be the largest of its kind ever held in Nebraska. It was planned in response to an expressed interest by Nebraska attorneys in estate planning, particularly in light of recent changes in federal, state and local laws and the new Nebraska Probate Code which goes into effect in 1977.

Featured speakers at the institute will be Richard Covey, counsel and lobbyist for the American Bankers Association, headquartered in New York City, and August Eckhardt, professor of law in the Arizona College of Law.

Covey will discuss recent tax developments affecting

estate planning at an afternoon session Thursday, and Eckhardt will talk on gift taxation and gift planning at a morning session Thursday.

The first day of the institute will be devoted to a survey of legal issues in estate planning. On Friday, the attorneys will have instruction and discussion in the drafting and construction of legal documents related to estate planning, and on Saturday will discuss estate planning concepts.

Professor Gradwohl and Professor David Ludtke will conduct learning sessions and discussions at the institute.
