That's another way of saying...become a navigator in the Air Force. It's a responsible job with a challenging future.
 Think you're interested? Why not sample the Air Force ways by enrolling in Air Force ROTC in college?
 There are scholarships available. 4-year, 3-year, or 2-year. There's also a monthly allowance of \$100. And more important...you'll get the feel of the Air Force and an indication of what's to come.
 Chart your course to the future....At the end is a rewarding, challenging job as an Air Force navigator. And the checkpoints leading to that end are "proven benefits" and "educational opportunities."
