Answer to Friday's crossword puzzle.

# No one else can give us what you can.

(Join Us. Please.)

Nobody else in the world can give us what you can. A pint of your blood. And your gift has never been more important. Because blood from healthy donors, who freely donate their blood, is *10 times less likely* to cause infectious hepatitis in the recipient than is blood from many commercial sources. Think about that. The need is urgent, and continuous. Help us. Join us. Today.

## Crossword Puzzle
