

Rifle club leaves financial nest, tries winging it alone

By Scott Jones

One of the university's oldest club sports has decided it's time to leave its nest of financial support.

Since 1896 the UNL Rifle Club has been supported by the Army ROTC. This year the club will attempt to stand alone.

"We've always had the stigma of being Army which we feel has kept some people away," said club president Tom Hasenyager.

With a self-supportive club, Hasenyager said he hopes to attract interested persons who were wary of the military image in the past.

Individual sport

"The sport is very individual," he said. "You can be helped with the basics, but the rest is up to the individual. You can't force a person to come down and practice.

"It takes a lot of mental concentration. Most people have no idea of the muscle control needed because they'll use muscles they've never used before in any other sport."

Hasenyager said the club has eight new rifles and an excellent rifle range in the Military and Naval Sciences Bldg. available for club members.

"It's by far the best range in the state and nobody knows about it," he said. The club purchased the rifles with \$3,000 from the Fees Allocation Board.

"That was just an initial amount to buy equipment to get established," he said. "We bought what amounts to the finest rifles you can buy. They will last longer than the university if properly taken care of."

The club hopes to finance itself in the long run by having club members teach riflery classes in the Physical Education Dept, he said. Kansas State uses this system to support its club, he said.

"This club has provided probably more Olympic and national competitors than any other sport on campus," he said. State Senator Gary Anderson of Axtell is the club's most noteworthy alumnus. He has won 27 Olympic gold medals, Hasenyager said.

Turkey shoot

The club will have a fund raising turkey shoot during the two weeks before Thanksgiving vacation. Contestants will be charged \$1 for 10 shots at targets with turkeys marked on them.

Twenty club members are preparing for the first meet, the Bluejay Invitational, Oct. 24-26 at Creighton University. The club also will compete in the Kansas State Invitational at the end of November.

Three shooters return from last year, Hasenyager said. The top three-man team is composed of Kit Hams, Bill Hayes and Ted Sheffield. Four women are on the club.

"OUT-A-SIGHT, SUPER DELIGHT, FRIDAY NIGHT AT THE MOVIES"

FREE

12oz. Coke Deal

Trade-mark ®

When you're downtown on Friday nights, between 9:30 and midnight, stroll into the downtown Burger Chef for a FREE 12 oz. COKE, when you buy the burger and fries.

Garden Level,
Douglas Theatre Bldg.
13th & "P" Streets

There's more to like at Burger Chef.

ALL MAKES HAS ALL THE ANSWERS

Texas Instruments SR-50A Slide Rule Calculator

Texas Instrument SR-51A Scientific Calculator

\$144⁸⁸

Kingspoint 460

Large eight digit green digtron display. Algebraic mode entry. Adds, subtracts, multiplies, divides, does mixed calculations, squares numbers and gives reciprocals. Percent key for add on and discount. Direct memory system M+, M-, CM and X-M (exchange with memory data). Slide rule features. Memory for cumulative totals and mixed calculations. Exchange and full floating decimal system. Constant for expanded calculations.

Includes case and adaptor

\$39⁹⁵

Kingspoint SC 20

The true algebraic notation entry method is employed. All numbers entered and displayed in the sign-magnitude format. Full floating decimal point or scientific notation. The two sub memory register exclusively for the bracket and parenthesis keys automatically parenthesize and process sub-problems up to two parenthesis level with disruptive complicate manual memory operations.

Includes Rechargeable batteries, Charger and carrying case

\$64⁵⁰

All Machines in Stock Ready for Delivery.
