Durable quarterback keys Kansas upset attempt

By Scott Jones

Nebraska shouldn't expect to wear down its Homecoming opponent Kansas, or at least the Jayhawk's current star, as it did Miami in the second half last Saturday.

The Jayhawk's hero is wishbone quarterback Nolan Cromwell, who has led Kansas to a 3-1 record and 20th place ranking by United Press International. For the last two weeks, he also has been named Big 8 offensive back of the week by Associated Press.

Cromwell carried the ball 28 times gaining 294 yards in his first starting role in a 20-0 win over Oregon State two weeks ago. Last week he added 187 yards on 20 carries as Kansas upset Wisconsin, 41-7.

An average of 24 carries a game is a lot for one of Nebraska's I-backs, not to mention a quarterback.

Former safety

Cromwell, however, was a two-year starter at safety before switching to quarterback this year. More pertinent to his endurance, he was the Big 8 champion in the 440-yard hurdles last year.

Two other Jayhawks also were track stars for Kansas last year. Cornerback Eddie Lewis was the Big 8 indoor 440-yard champion and wide receiver Waddell Smith won the indoor 600-yard run and placed second in the 440-yard outdoors.

Lewis, a three-year starter, intercepted a pass and ran

Fledgling climbers face different uphill struggle

The most difficult climbing experience most UNL students experience on Saturdays is the climb out of bed and up the Memorial Stadium steps that afternoon.

But 10 UNL students and three advisers will face more difficult climbs this weekend on a Palisades State Park climbing trip sponsored by the Recreation Office.

Climbers will leave Friday afternoon and spend two days and nights in the park, located about 15 miles from Sioux Falls, S.D. Cost of the trip is \$15.

Most participants have never climbed before, according to Mark Ebel, UNL outdoor recreation director.

Some gained experience last Saturday and Sunday at a climbing clinic using the East Campus climbing wall. "It went really well," Ebel said. "We got 21 students

who weaned themselves away from the football game Saturday. We had more students than we could really handle with our staff."

The response was so favorable, Ebel said, that a series of climbing expeditions may be held next spring.

"We're on the edge of suitable climbing weather now," Ebel said. "We'll be curtailing any climbing until late next spring, but given the interest this weekend, there may be a series of climbing trips.

The Recreation Office also will sponsor a 24-mile canoe trip down the Niobrara River Oct. 31 and another down the Current River in the Ozarks, Nov. 26 to 30. Ebel said the first trip is full, but there are spaces open for the Current River trip.

66 yards for a touchdown last week against Wisconsin. has attempted only seven passes this year, completing one. Cromwell is the conference's leading rusher, after four games averaging 131.3 yards a game. Should Nebraska's defense overplay Cromwell, halfback Laverne Smith is a dangerous runner after taking the pitch.

Outside threat Smith, second in conference rushing last year with 1,181 yards, will be joined by fullback Norris Banks and halfback Skip Sharp.

If forced to pass, first-year coach Bud Moore can call on quarterback Scott McMichael who started during Kansas's opening game 18-14 loss to Washington State and 14-10 defeat of Kentucky.

McMichael passed for 1,044 yards last year. Cromwell

Kansas's defense was forced to carry the Jayhawks the first two games until the new wishbone installed by former Alabama aid Moore began to operate smoothly.

Defense stingy The Jayhawks have allowed only 35 points in four games, an 8.8 average which leads the conference.

Kansas boasts a strong secondary led by two-time dl-Big 8 strong safety Kurt Knoff and cornerback Lewis. Like Nebraska, Kansas plays a five-man defensive front.

Kansas will enter Saturday's game in a position similar to last years. Kansas was 4-1 and ranked 13th nationally. After Nebraska pounded them, 56-0, they failed to win

another game, ending the season 4-7.

Intramural football compiled rankings were Thursday by Intramurals Coordinator Gale Wiedow.

Wiedow said the rankings were established from information given to him by the head intramural supervisor and four assistant intramural supervisors. The supervisors judged teams on the basis of scores, team tactics and the "personal bias of each supervisor," he explained. Wiedow said he then

compiled the supervisors', individual rankings into one team list.

The name, rank and records of the teams rated by Wiedow are:
