

HPC delays nod on study nominees

Thirteen nominees were presented for approval to a Housing Policy Committee (HPC) task force to study differentiated housing at an HPC meeting Thursday night, but there was no final approval of the nominees.

Final acceptance is pending reevaluation of Student Assistant (S.A.) and Residence Hall Association (RHA) nominations made by RHA, Don Thompson, HPC chairman said.

The differentiated housing task force is to study all aspects of living in residence halls, fraternities, sororities and cooperatives, and compile a report for CSL to be presented to the NU Board of Regents.

John Breckenridge, HPC member, questioned that there was only one female nominated from a UNL residence hall, and one from a UNL cooperative. Although Panhellenic did

not present their nomination, they are to have made one by Tuesday.

Final acceptance of nominations will be made at an HPC meeting at 5:30 p.m. Tuesday in the Nebraska Union.

RHA was expected to reevaluate their nominations at their meeting later Thursday night, and possibly modify them. If they are comfortable with them, Breckenridge said he thinks HPC should accept them.

HPC, a subcommittee of the Council on Student life, was charged by CSL with the responsibility of reporting on differentiated housing later this year.

Karen Dress, former RHA president and a member of the 1974 differentiated task force, volunteered her services as advisor.
