SPORTS

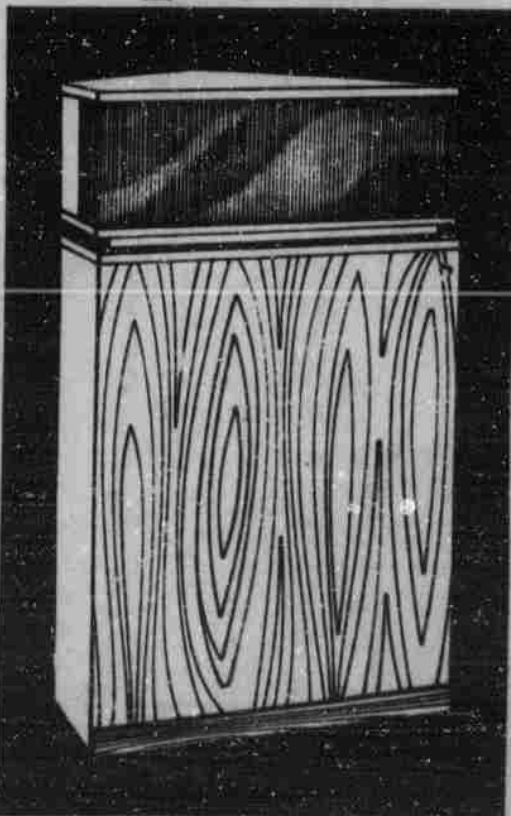

SUPER SECRET SKI PANTS SALE

Well, it's really not a secret. Yes, we know this is a relatively inconspicuous ad, but it's all we need. You won't believe it, but we are offering Profile Ski Pants, made in Austria, for \$36 to \$50 — regularly \$56 to \$70. They are made of 52% wool, 43% nylon, and 5% stretch spandex. Any serious skier can tell you this combination of materials provide the greatest warmth without binding up. But, like we said, our prices on the Profile Pants are for real, and they won't last.

The Klipschorn

The renowned Klipschorn loudspeaker has long been acclaimed by audio experts throughout the world as the standard for undistorted reproduction of sound. A large, handsome, floor-standing unit, the Klipschorn incorporates exponentially expanded horns for all three drivers; a speaker design inherently low in distortion and one which provides superb frequency response.

No matter what your musical taste, the Klipschorn will literally recreate every nuance of the original performance. The most unrestrained rock concert, the delicate interplay of a string quartet, the exuberance of a brass band, or the tender of a great organ — the Klipschorn will give you everything. Just as if you were there.

As with any fine audio component, the Klipschorn demands your personal evaluation. The only place to hear this astonishing speaker is Audio Systems and Design. Plan to stop in and share some music with us.
