

Team still needs new playing field

Continued from p.10

"We don't mind playing on smaller fields, but we can't have the obstructions," Nelson said. "We'd like to stay on campus but we just can't find any decent, clean playing fields."

The club was denied Athletic Dept. permission to use a field in the Ed Weir track stadium, according to Neary. "They said we'd tear it up, but that's just not true," he said, adding that the Recreation Dept. has been helping the club find a new field.

Pay expenses

Neil Sutherland, a first-year team member, said the club's biggest problem has been fielding teams for away matches.

"It's hard trying to get people to go to an away game when you must have 15 on a side," he said. Players pay their own travel expenses.

The club asked the Fees Allocation Board (FAB) for "\$600 or \$700" last year, Neary said, but received \$315.

Club treasurer Bill Coffey said the rugby club plans to ask FAB for additional funds for next year.

"We've been getting some contributions from outside sponsors and with our allocation, we've been getting by," Coffey said.

Higher costs

Money for away trips and rising advertising costs were reasons Coffey cited for a higher FAB request.

Members said they would disdain attempts to bring the club under auspices of the Athletic Dept. and the Big 8, where more funds could be found.

"My personal feeling is that if rugby becomes a recognized Big 8 sport, it would become too restricted," Neary said, "but I would like to see a little more cooperation from the Athletic Dept."

It is exasperating to be called so persistently when the last thing we want to do is to get up and go but God elects to keep on haunting like some holy ghost.

THE PAULISTS ARE HELPING TO UNITE THE UNITED STATES!

Our nation, united in goal and ideal . . . but divided in so many ways.

Divided by doubts, prejudices, fears, violence, injustice, poverty.

The Paulists have been bringing Americans together for over a century now, trying to overcome the barricades men erect between each other. We work to unite believer to believer, believer to non-believer, man to man. As Catholics and Americans, we know unity is

with a lot—worth giving our lives to bring about.

We do this everyday through the communication arts—books, publications, television and radio—on college campuses, in parishes, in missions in the U.S., in downtown centers, in working with young and old.

If you would like to help us in our venture of healing American wounds with the Gospel of Christ as a Paulist priest, mail the coupon below for information.

What a few good college men should know about Marine Corps PLC:

Platoon Leaders Class. It's our commissioning program open to freshmen, sophomores and juniors. All training is in the summer, with pay. And there's financial assistance available during the school year: \$100 a month, from September to May, for up to three years.

Ground. If you want to be a leader of men, you go to Quantico, Virginia—and prove it. Meet that challenge, and you'll be commissioned when you graduate from college.

Air. One out of three Marine officers is in aviation. We fly up a storm

—in aircraft like the new Harrier VSTOL jet. We'll teach you to lead, and then to fly.

Law. If you're headed for law school, you can earn a commission now, and begin active duty as a lawyer after

you've passed the bar. **We're looking for a few good men.** Quality, not
