

A GARAGE SALE AT A STEREO STORE?

Why not? We have a garage just like everybody else. And, frankly, things have been piling up in it. Odds and ends. Like used equipment we've taken in on trade and since have discovered that, while we might take it, nobody else would. Defective merchandise received in exchange for good units. They've been waiting their turn in the Service Department, and now that they're fixed, they're outdated models.

We've brought these delightful stereo goodies from their resting places as doorsteps and shins-bumpers at all our locations. They'll be in the alley behind our downtown Lincoln store Sunday, November 16, 12 Noon - 5 p.m. Wear grubbies. This is definitely not a tuxedo event.
