

Bader tells FAB of possible hike for student fees

By Ann Owens

Within a year, UNL students might face a student fee increase of as much as \$12, Vice Chancellor for Student Affairs Ken Bader told the Fees Allocation Board (FAB) at their meeting Thursday.

Bader said about \$200,000 in state tax money now supports utility costs in the Nebraska Union but the Legislature this session might decide to withdraw support of the Union utility funds as well as utility and furnishing costs in the East Campus Union.

One alternative to increasing student fees might be differential pricing, according to Bader. An example of this, he said, would be increasing the price of a hamburger in the union.

Bader added that utility costs at all Nebraska state colleges and the University of Nebraska at Omaha are supported by state tax dollars.

Included in the possible student fee hike beginning

July 1977 is \$4 per student toward operational costs of the East Campus Union. Adding operational costs to the \$3.8 million basic facility, the building will cost about \$4.3 million.

The money used on the building is interest free, Bader said, but must be repaid by the year 2,000.

Miles Tommeraasen, vice chancellor for business and finance, gave FAB a report on UNL's debt service.

Tommeraasen said that UNL now has about \$22.5 million worth of bonds outstanding covering residence halls, the Student Health Center and the unions.

"Because of higher enrollment and the fact that UNL's housing has never been in trouble, the bond situation is in excellent shape," Tommeraasen said.

In other business, FAB accepted a request from the Black Student Coalition to carry over an unused \$2,700 in appropriations from last year into this fiscal year.

The next meeting of FAB will be Thursday at 4:00 p.m.

SPEED READING COURSE TO BE TAUGHT IN LINCOLN AREA

The Iowa Reading Lab, of Des Moines, will offer a 4 week course in speed reading to a limited number of qualified people in the Lincoln area. A person is required to attend only one 2½ hour class per week, on the evening of their choice for 4 weeks only. The course guarantees to triple the person's reading speed with a marked improvement in comprehension and concentration. The guarantee, however, is a bare minimum as the average graduate will read 7 to 10 times faster. They can read almost any average book in less than one hour.

For those who would like additional information, a series of free, one hour orientation lectures have been scheduled. At these free lectures the course will be explained in complete detail, including classroom procedures, instruction methods, class schedule and a special 1 time only introductory tuition that is less than one-third the cost of similar courses. You must attend only one of the free meetings for complete details. You may attend any of the meetings for information about the Lincoln classes.

These orientations are open to the public, above age 14, (persons under 18 should be accompanied by a parent if possible.)

If you have always wanted to be a speed reader but found the cost prohibitive or the course too time consuming... now you can! Just by attending 1 evening per

week for 4 short weeks you can read 7 to 10 times faster, concentrate better; comprehend more.

If you are a student who would like to make A's instead of B's or C's or if you are a business person who wants to stay abreast of today's everchanging accelerating world, then this course is an absolute necessity. These Free one hour meetings will be held at the following times and places:

Tuesday, January 20th, at 6:30 p.m. and again at 8:30 p.m.

Wednesday, January 21st, at 6:30 p.m. and again at 8:30 p.m.

Thursday, January 22nd, at 6:30 p.m. and again at 8:30 p.m.

Friday, January 23rd, at 6:30 p.m. and again at 8:30 p.m.

Saturday, January 24th, at 10:30 a.m. and again at 1:30 p.m.

Monday, January 26th, at 6:30 p.m. and again at 8:30 p.m.

These meetings will be held in the conference room of the Radisson Cornhusker Hotel, located at 301 South 13th, downtown Lincoln.

If you are a businessman, student, housewife or executive, this course which took 5 years of intensive research to develop, is a must. You can read 7 - 10 times faster, comprehend more, concentrate better, and remember longer. Students are offered an additional discount. This course can be taught to industry or civic groups at "Group rates" upon request. Be sure to attend whichever free orientation that fits in your schedule.
