

Latch the doors- here they come

Lock your doors and hide your CB antennas. The State Basketball Tournament is back in town.

Tournament time, today through Saturday, usually means a rise in thefts and other crimes, according to Lt. Robert Edmunds, Campus Police investigator. But, he said, the rise in campus crime cannot be blamed entirely on UNL's high school visitors.

"The high school students themselves don't give us any major problems," he said. "There are just more people for us to contend with."

Edmunds said no extra campus policemen will be used during tournament time.

Between 1,000 and 1,500 fans are expected to be staying in university residence halls with their brothers, sisters or other hometown friends or relatives, according to Richard Armstrong, director of housing.

Fraternities will be hosting many of the visiting high school seniors as prospective pledges. This is the second rush function this year, according to Doug Kristensen, Interfraternity Council president.

One of the biggest problems Campus Police will face is traffic, Edmunds said.

"We want to warn drivers not to block driveways or park on grass because they'll be towing cars for that," he said.

Many of the games will be played in the new sports complex at the State Fairgrounds. Edmunds said those driving north, south or east from the fairgrounds should use the west entrance on 27th St. and those going west, north or south should use the east exit on 14th St.

"We encourage people to use the east and west exits rather than 17th Street," he said.

He added that the Lincoln Police Dept. will help direct traffic at the fairgrounds for games in the sports complex.

Edmunds said a common problem with the visiting fans is residence hall violations.

"Some spectators go up into the dorms during restricted hours to see some girl they had a crush on in high school," he said.

Sorry guys, but that is against the rules.

short stuff

There will be a Union Program Council committee meeting tonight at 7 in Nebraska Union North Conference Room.

The ASUN Environmental Task Force will meet tonight at 7 in Nebraska Union 243.

"The cost is so reasonable especially when you consider the heater, mattress, workmanship of the frames, the heavy wood... it's so beautiful you'll think you can never afford it. But to find out how reasonably priced Land & Sky waterbeds are will surprise people."
