Nonsmokers might get a break from the smoke screens of the heavy puffers.

Campus air might in posted no smoo but Bader doubtff

By Mary C. Tourek

In accordance with a resolution passed Saturday by the NU Board of Regents, smoking will be restricted on all NU campuses "in so far as possible," said Ken Bader, vice-chancellor of student affairs.

Bader said the regents left it up to each campus to decide how to comply with the resolution.

"I don't think enforcement is possible," Bader said. "But the faculty has been told in the past to set an example by not allowing smoking in the classrooms."

Areas where smoking could be restricted include the new sports complex at the State Fairgrounds. Some financing for the complex was made available through a state tax on cigarettes.

Bader said the fact that smokers helped pay for the complex should have no bearing on the resolution.

Allen Bennett, Nebraska Union director, said Wednesday he had not seen the resolution.

"Your weight is distributed evenly, there are no pressure points... it's as if someone were to make a bed custom-made for your body."

GLEaming pillar of constancy in a changing world, the design of the schooner is lost back in the dim past of Scandinavian glass craftsmanship. Until 1895, it remained nameless, when Australian sailors adopted it as the regulation beer quantity for young seamen. (A 3/4 pint mug was too much, a 1/2 pint glass too little.) So the wasp-waist, bottom-heavy tall-glass was christened with the name of a ship midway between a cutter and a frigate.

The schooner hasn't changed a lot. And neither has Olympia Beer. It's still made with premium ingredients and a heritage of brewing experience that never changes. A great beer doesn't change. Olympia never will.
