

# FAB hears appeals; gives funds

By Ann Owens

After hearing appeals from seven student organizations, Fees Allocation Board (FAB) Wednesday appropriated an additional \$2,100 in student fees.

Groups that appealed allocations and additional funds allocated by the board are:

ASUN	\$1,400
Mexican-American Student Organization	\$0
Council of American Indian Students	\$500
Concerned Pro-Life Students	\$0
India Association	\$200
Corn Cobs	\$0
Nebraska University Public Interest Research Group	\$0

FAB made appeal allocations from its \$2,500 contingency fund, leaving a \$400 contingency fund for next fall's emergency allocations and FAB secretarial expenses.

The board then voted to request additional money from Ken Bader, vice-chancellor for student affairs. The board previously requested \$195,463 but voted Wednesday to increase the request by \$537, leaving a contingency fund of \$937.

ASUN appealed FAB's decision to discontinue supporting ASUN executive salaries in 1977-1978. Dennis Martin, ASUN second vice-president, told the board that ASUN

must pay about \$1,350 for Social Security to the federal government, and \$180 for Nebraska Unemployment Compensation.

Bill Mueller, ASUN president, told the board that to fulfill ASUN obligations, executives need salaries.

"An executive position precludes the executive from working anywhere part time," Mueller said. "It also mandates that a person cut down on his hourly load, making it take longer to graduate."

Martin told the board that "there would be no quicker way to kill ASUN than to cut out executive salaries."

The board then reaffirmed their decision not to finance ASUN executive salaries with student fees starting in 1977-78.

Dennis Hunt, representing the Concerned Pro-Life Students, told the board that it had misconceptions about the Concerned Pro-Life Students.

"You have the idea that we are a lobbying political group," Hunt said, "but we aren't. Our approach is educational." The board upheld its earlier decision not to give money to the organization.

"The group claims to represent both sides of issues (abortion and euthanasia)," Jim Lewis, FAB faculty member said, "but it doesn't admit that there are other sides to the issues."

In a world buffeted by change, consider the unchanging church key. On a fateful day in October, 1919, Mac C. Rosenfeld received Patent #1,260,321 for it. A gleaming symphony of spring steel, the church key was used by three generations of thirsty collegiate Oly drinkers. Not until the twist-top was its utility questioned, although the discriminating Oly drinker will always keep one on hand for tav-Stubbies and Oldtime bottles.

The design of the church key hasn't changed because it was made with skill, ingenuity and simplicity. A great beer doesn't change for many of the same reasons. If it's done right going in, you'll have an unchanging standard of quality. Some things never change. Olympia never will.
