**AVENUE OF THE AMERICAS**

A film by Charles Herman & Walter Locke

"A silent Vietnam" is how President Salvador Allende characterized the United States-sponsored campaign of low profile economic warfare waged against Chile. On September 11, 1973, this warfare climaxed with the death of Allende and the overthrow of democracy in Chile in the bloodiest military coup in Latin American history. This is the first film to document those events and the U.S. role in Chile.
