

# Klingons, Hortas also are welcome

Space—the final frontier. This is the voyage of the Starship Enterprise. Captain's log: Star date 7704.23. Flash.

Nebraska's fifth regional *Star Trek*/Science Fiction mini-convention is beaming down to campus.

All crew members are requested to be in their cabins April 23 at 10 hundred hours.

Even without pointed ears, Lincoln *Star Trek* fans can witness the festivities live, in the Nebraska Union Centennial Room.

Rigel-Five, sponsored by the UNL *Star Trek* Association, will include a variety of activities for fans, said club co-chairman Richard Heim.

Although actual *Star Trek* stars will be unable to "beam" down for the event, Heim estimated about three to four hundred persons will attend.

Rigel-Five will feature a *Star Trek* photograph caption contest, slide shows, trivia contests, *Star Trek* episode films and quizzes, Heim said.

Three films, *Twenty Million Miles to Earth*, the original *King Kong* and *The Forbidden Planet*, also are scheduled.

"The mini-conventions are happy get-togethers where fans can enjoy themselves," he said.

The event will last from 10 a.m. to 10 p.m. and will cost \$2.
