

At TEAM, before you listen, we listen.

Student Aid

Make back-to-school easier this year!

Big music on a small budget!

The Sansui 551 receiver provides plenty of punch* with all the needed functions: two system speaker switch, loudness contour, high filter, tape deck inputs and more.

The BSR 263W automatic turntable handles your records gently and it comes ready to go with cartridge, base and dust cover.

A pair of ATL/Award 55 speakers with 10" woofers, 4" midranges and 3" tweeters complete this carefully matched component system.

Individual Components, Nationally Advertised Value, \$529.85

Now **\$299**

*16 watts per channel, min. RMS, both channels driven into 8 ohms from 40Hz to 20kHz, with no more than 0.8% total harmonic distortion.

Super Thin! Sharp EL-8130 Pocket Calculator with Liquid Crystal Display

You won't believe it till you use it. No keys, no moving parts and only 5 mm thick . . . that's less than 1/4 inch! Has all the features for most situations and operates up to 1000 hours on a single supply of batteries.

Now **\$34⁹⁵**

A Big Little Scientific!

Casio fx-21 Scientific Calculator
