## Stadium expansion receives approval

A proposed 8,000-seat expansion to the east balcony of Memorial Stadium received a vote of approval Wednesday by the Stadium Expansion committee.

The committee voted to recommend the estimated \$3.2 million expansion to the NU Board of Regents. The board is expected to consider the proposal at its Sept. 9 meeting.

If approved by the Regents, the project would be completed by April 1, 1979. The expansion would be financed by a \$1 surcharge on all Nebraska football tickets or by assessing \$4 per ticket for the new seats from the athletic department.

The committee, appointed by Regents' chairman Robert Simmons of Scottsbluff, voted 6-2 in favor of the proposal.

In favor of the proposal were Dick Herman, Dr. Arden Means and P.J. Morgan, all of Omaha, Gladys Seaton of Hastings, Joe diNatale of North Platte and John Frey of Lincoln.

Jules Burbach of Hartington and Scott Cook of Lincoln cast the dissenting votes. Two committee members, Mary Fejfar of Lincoln and Harold Ledingham of Mitchell, were absent.

The committee's decision is part of a continuing controversy concerning an expansion to Memorial Stadium. In May, Athletic Director Bob Devaney proposed the 8,000-seat expansion. Devaney told the regents the athletic department could finance an 8,000-seat expansion but said no funds were available for a larger expansion.

Don't worry, your honor, it won't bite back. Mayor Helen Boosalis was assigned cutting duties Wednesday at the annual FarmHouse and Alpha Phi watermelon feed.

## Business. Science. Engineering.

This semester is the right time to get a TI calculator tailored to the work you're doing.

\$59.95\*

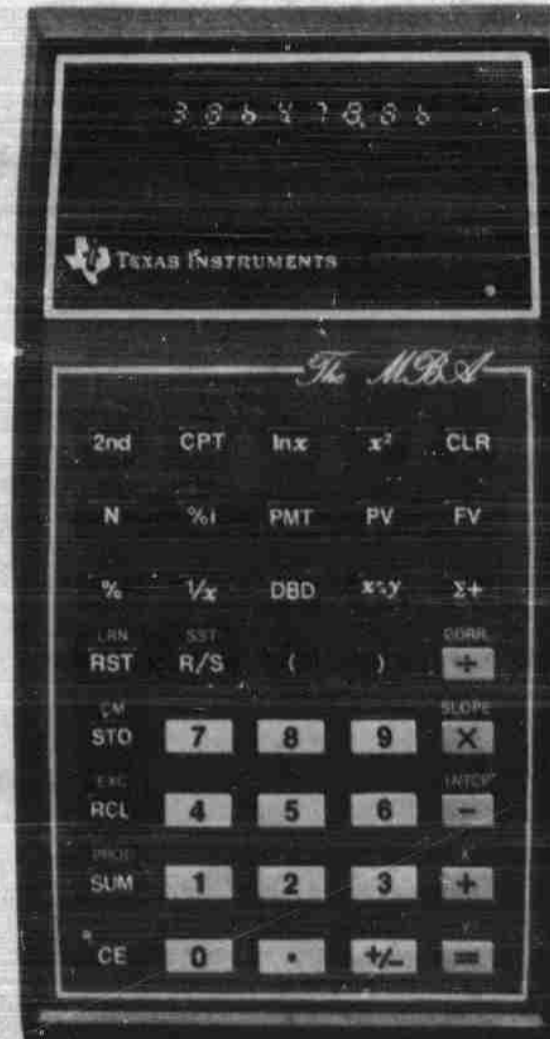

### SR-51-II

Professional decision making system.  
Loaded with statistics functions.

Accounting. Marketing. Education. Social Sciences. Life Sciences. Health. Statistics plays a major role in dozens of career fields. Here's a calculator with the advanced capability you need to handle your projects. Comes with **Calculating Better Decisions**, a \$4.95 book value. Helps you get the most out of the SR-51-II. Step-by-step illustrations show how to use its powerful preprogrammed functions. Learn how to gather data. Weigh alternatives. Arrive at rapid, accurate decisions.

### The MBA™

Business calculator  
A business major's dream machine.

If you're building a career in business, the MBA can be ideal. It provides instant answers to complex business problems at the touch of a key. It is preprogrammed for a wide variety of functions and formulas business professionals face every day. Take internal rate of return, for example, a valuable calculation for accurate capital budgeting. It's complicated, often difficult, and takes time. The MBA handles it in seconds, for 12 different cash flows! It also offers programmability—up to 32 keystrokes for solving repetitive problems easily.
