enormous oil wealth."

He said the American Nazi Party is opposed to Jewish domination of newspapers through advertising, adding that there is no reason for American support of Israel. "Israel has no oil. We are forced to strip our NATO forces and spend our tax dollars supporting Israel because Jews control the mass media and the foreign policy of this country."

Lauck said the American Nazi Party's policy is "to send all blacks back to Africa and destroy the banking and media power base that Jews are using to ruin this country."

With this accomplished, he said, the United States' financial problems could be eliminated and white people would enjoy a higher standard of living.

"There would be less taxes because there would be less welfare to pay for," Lauck said. "We would be able to fight inflation and pay off the country's debts. We have a dismal economy now, but we can make it healthy."

Lauck said there are parallels between the state of the U.S. economy and that which existed in Germany before World War II.

"Hitler solved a dismal economy there in less than two years," Lauck explained. "He was able to establish a world view, a philosophy of life for white people based on the laws of nature."

"He started with a country in total ruin and built Germany into a major power that defied the whole damn world. He wanted white power for white people. So do we."

Grad student announces legislative bid

A 23-year-old UNL graduate student today announced his candidacy for the 26th Legislative District seat in the 1978 election.

Don Wesely, a University Studies graduate assistant, said he entered the Legislative race because "we have a number of problems in Northeast and East Lincoln that need to be addressed." Wesely is vying for the seat held by Sen. Wally Barnett of Lincoln. Wesely's campaign platform includes "reducing the pressures caused by increasing health care costs and utility bills, stabilization

of housing prices, maintenance of an economic climate conducive to small business, and effective government spending."

Wesely was a member of the Lincoln-Lancaster County Goals and Policies Committee and is a past chairperson of the university Fees Allocation Board. He is an 18-year resident of the 26th District, located in northeast Lincoln.

While at UNL, Wesely founded the Nebraska University Public Interest Research Group (NUPIRG), a student consumer group.
