

Shift into car stereo!

Tune up your car with special deals from TEAM Electronics.

Is your car making a funny noise? And is the funny noise the radio? Wouldn't it be great if the system in your car sounded as good as the one you have at home. Well, with a new car stereo system from TEAM Electronics, you can get terrific sound at a terrific price. From AM/FM radios, cassette decks and 8-track players to equalizers and speakers. TEAM has it at special prices. So shift into car stereo at TEAM Electronics.

For those of you with top-of-the-line tastes we have a matched component system that's hard to match on the market today. A Clarion PE-666A AM/FM Stereo Cassette Player paired with a Clarion 100-EQB-2 Equalizer and a pair of Clarion SK-99 3-way loudspeakers. The PE-666A's new FET front end gives you superior FM sensitivity in car stereo systems. Features include automatic reverse for continuous play, locking fast forward/rewind, front/rear fader control and integrated circuits. The 100-EQB-2 Equalizer provides 30 watts RMS of stereo power with controls for highs, low and even midranges. All integrated circuits for optimum reliability. The SK-99 3-way speakers fit any standard 6"x9" rear panel deck with individually mounted 5" woofer, 2½" midrange and a 1" tweeter using an advanced crossover network. A phenomenal auto audio match!
