## This is no time to feel insecure

If you're going to make the most of this exciting day, self-confidence is important. And Tampax tampons can really help. They're uniquely comfort-

able. In fact, once a Tampax tampon is properly in place, you can't even feel it.

And you never have to worry about odor. Because when a tampon is in use, embarrassing odor doesn't form. (Which is why Tampax tampons don't offer you a deodorant and the added expense that goes with it.)

What's more, Tampax tampons are designed to conform to individual body contours. So there's less chance of an accident.

Tampax tampons. Because there'll never be another day quite like today.
