## SPACE CRAFT

Spacecraft, 2000 to 2100 AD. A Terran Trade Authority Handbook by Stewart Crowley.

Here at last is the comprehensive, all-color guide to the major spacecraft of the last century, 2000-2100 AD, the time of great advances in space technology that followed the first, hesitant steps of the 1900's. It's the story of Man's journey to the stars and the means by which it was made.
