

You're wasting your time reading this newspaper.

Not because it's not worth reading.

You're wasting your time because you could be reading it three to ten times faster than you are right now.

That's right — *three to ten times faster. With better concentration, understanding, and recall.*

The problem is, most of us haven't learned anything new about reading since we were 10 years old. So we're still stumbling along at a fraction of our real capacity. In fact, most people read so slowly that their brain actually gets bored and distracted between words (no wonder you have trouble concentrating when you read!)

The new Evelyn Wood RD2 reading program.

Over 20 years ago, Evelyn Wood's research with natural speed readers discovered reading techniques that could be learned and used by virtually anyone. Since that pioneering work, over a million people — from students to presidents — have put the Evelyn Wood method to work for them.

RD2 is Evelyn Wood's latest, updated

reading improvement system — designed to be more effective and flexible than ever. With it, you should easily be able to cut your reading and study time by *at least two thirds*. That means if you're now studying 20 hours a week, you'll save roughly 400 hours — or almost 17 full 24 hour days — in this school year alone!

Spend an hour and check us out.

We know you may have trouble believing what you've just read. That's why our people are on campus now giving free 1 hour demonstrations of RD2. If you can spare an hour, we'll answer any questions you may have about RD2, and prove that *you* can unlearn your bad reading habits and start saving two thirds of your study time. We'll even demonstrate some new reading techniques designed to increase your speed immediately, with good comprehension.

This short demonstration could start you on your way to better grades, more free time, and a whole new outlook on studying.

It only takes an hour, and it's free. Don't miss it.

Attend a free 1-hour RD2 demonstration this week:
