## Gentlemen Prefer Bonds.

So do ladies. And there's good reason. You see, United States Savings Bonds are one of the best ways to save. They're easy. And safe.

They're easy when you buy them automatically at work, through the Payroll Savings Plan. And they're safe because they're guaranteed to pay off every time.

So whether you wear a white collar, blue collar, lace collar or no collar at all, buy Bonds.

They're a great way to save.

And that, Ladies and Gentlemen, is something you'll find quite preferable.

Series E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.
