

Allen...

Continued from page 10

Allen's final reason to push Nebraska gymnastics is one of pride.

"If we can win the NCAA in front of 6,000 Nebraskans it will make the whole state of Nebraska proud and it will make the entire gymnastics community proud to see how far it's come," he said. "I think we can do 6,000 easy. We have great support especially in Lincoln. Last year at LSU (where the 1979 Nationals were held), there were only about 500 people from Louisiana there. That was sad."

Allen was recently chosen as assistant coach for the U.S. Olympic gymnastics team. Although his confirmation is almost assured, the trip to Moscow isn't.

"I'd almost rather have the gymnastics in Lincoln than Moscow," Allen said, referring to Rep. Doug Bereuter's suggestion. "You just can't get anything constructive for gymnastics done in Moscow."

intramurals

The women's intramural swimming championships will be Thursday night at Mabel Lee Hall. Entries will be taken from 6:05 to 6:30 p.m. and the swimming will begin at 6:40.

INTRODUCING NEW PRODUCTS

LOUD IS BEAUTIFUL
IF IT'S CLEAN!
INTRODUCING

Do you like to listen to your music loud?
Does your budget limit you to the size amp you can afford?

Then Cerwin-Vega is for you. You can drive Cerwin-Vega speakers to high volumes with as little as 5 watts per channel, but if you have more power they get even louder. The secret to loud music is keep it clean and Cerwin-Vega is clean! No muddiness in the bass, no hiss in the highs and a clean crisp mid make these speakers excellent for rock music. Make your small amp sound like that large expensive system that you've wanted. Come in and listen to Cerwin-Vega.

DAHLQUIST
Through the years, speaker designers have concentrated on overcoming problems of frequency response, harmonic and intermodulation frequency interplay, dynamic range, transient response, and spatiality that separate reproduced music from the original.

DAHLQUIST
The Dahlquist DQ-10 is the first speaker system that overcomes these problems and takes a giant stride beyond: it successfully eliminates the problem of time distortion. The Dahlquist system is without a doubt one of the finest speaker systems built today. If you are striving to achieve accuracy in the music you listen to, then you owe it to yourself to audition the DQ-10's.
