

## Female netters win triangular

The Husker women's tennis team defeated Arkansas, 6-3, and Southwest Missouri State, 7-2, in a triangular meet Friday. Sue Sloboth, Ann Swanson, Cindi Reiman, Sue More and Judy Huerter won singles matches in both duals.

## Husker golfers come in second

The Nebraska men's golf team finished second in the Gulf Stream Invitational golf tournament, concluding four days of play Friday in Padre Island, Texas. UNL totaled 1,194 to Wichita State's 1,183. Husker Jim Julian fired a 73 on the final day to finish tied for fourth in medal play with a 72-hole total of 298. Teammate Bill Henderson tied for sixth place with 299 after a final-day score of 79.

# Summer financial aid forms available

By Lori Merryman

Financial aid and work study are available for UNL students this summer, according to Doug Severs, assistant director of the Scholarships and Financial Aids Office.

The aid is available for students including those who plan to attend summer sessions.

Those students who are attending summer sessions may apply for grant and work-study funds. However, Severs said, students must be pre-registered before applying.

Students applying need to fill out a summer financial aids form, which should be returned to the Administration Building after April 1.

To be eligible, students must be registered for a minimum of three hours for the session in which they desire aid, Severs said.

To apply, students should have filed a 1980-81 Financial Aids Form in the Financial Aids Office, Room 113 Administration. For those students who have not al-

ready done so, this should be done by mid-April.

Students graduating this summer who have filed a 1979-80 aid form do not need to file the 1980-81 form. Severs said the 1979-80 form can be used to determine students' eligibility for summer financial aid.

UNL students who will not be enrolled in summer school and need full-time employment may receive work study for the summer months in their home town, Severs said.

The financial aids office needs a 1980-81 aid form for work study also.

## Wrestlers beaten in national meet

Nebraska wrestlers Court Vining and Jim Kimsey advanced to Friday's competition in the NCAA wrestling meet, but both were later beaten, stopping them from advancing to Saturday's finals.

Kimsey, 177-pound weight class, won his first match Thursday with a pin against Joe Lidowski of North Carolina State and

To be eligible, the student must plan to attend UNL for the entire 1980-81 academic year.

Severs said students are expected to save 80 percent of their summer work-study earnings if they live with their parents and 60 percent if they do not live with them.

Severs said he hoped students could live at home with their parents while on work study because it would save money.

Approximately 50 cities across the state are listed as probable work study sites for the summer. Because of the large number, many students will be able to live at home while on work study, Severs said.

lost a decision in his next match.

Friday, he lost to Dave Severn from Arizona State 8-4.

Vining decisioned Tennessee-Chattanooga's Dave Strickland, 17-3 in the 158 division Thursday, but lost his next match to Morgan State's William Smith on a referee's decision.

## UNL wins double-headers

UNL's baseball team swept a double-header from Wayne State by scores of 8-3 and 9-2 Saturday, and Friday downed Augustana 12-0 and 8-0.

The wins raised Nebraska's record to 13-2.

In the first game Saturday, the Huskers jumped to a 5-0 first-inning lead sparked by Jeff Hunter's two-run homer with two outs. Sophomore righthander Mike

Vojtesak pitched two innings to pick up his second win against no losses.

Hunter also homered in the second game as Nebraska compiled seven runs in the third inning. Hunter's three-run shot and a two-run homer by freshman Steve Stanicek, his fourth of the season, sparked the Huskers' rally.

Senior lefthander Cliff Faust coasted with a six-hitter and struck out eight in gaining his third win against no losses.

## Track . . .

Continued from Page 14

"I love animals," Lawrence said. "I want a career in which I can work with them."

According to Lawrence, school isn't too hard for him because of his deep interest in the subject he's studying.

"If something interests you, it makes it easier to study," said Lawrence.

Lawrence's philosophy toward school seems to carry over to his track. He says that because of the personal interest he has in track, the workouts seem easier.

"I enjoy the individuality of track along with the team closeness," said Lawrence. "It's real hard work, and I get discouraged at times and feel like quitting. But I stay because I love it."

## MBA MANAGEMENT OPPORTUNITIES WITH GENERAL MILLS

We've been known and respected since 1928 when Gold Medal Flour was our only product. Since then, our management strength has directed the company toward many diverse food areas and activities. General Mills is an aggressive marketer with annual sales nearing 4 billion dollars.

We are seeking individuals to join our Food Service Activity which is one of our fastest growing activities. You'll become involved in an industry experiencing rapid expansion with current sales of over 112 billion dollars. Talented MBA's will find a career opportunity with General Mills Food Service to be challenging, rewarding and offering rapid career advancement in key management areas.

After receiving an MS in Marketing, Ron Bane, National Sales Manager began a career with General Mills Food Service. His rapid career growth has led him to his current position where he is responsible for the execution of the Food Service Marketing Plan.

We'll be on campus March 19th to tell graduating MBA's about the dynamic career opportunities that exist in our Food Service Activity. See your placement office for further details.
