# WE PAY TOP DOLLAR FOR USED BOOKS

BOOK STORES  
**UNL**

# 60%

Here are answers to some common questions about used books.

**Q.** How does the University Bookstore determine how much my books are worth when I sell them back?

**A.** If the bookstore has notification from the instructor that the book is to be re-adopted for the next semester, and if the bookstore does not already have a sufficient stock on hand, then the student will be offered 60% of the publishers's current list price. For instance, a book which currently sells for \$10.00 new, and which meets the requirements noted above would be worth \$6.00. It would be re-sold the next semester for \$7.50.

If the bookstore has not received notice that the book will be used again, or if it already has a sufficient stock, the book would be worth the current wholesale price as indicated by one of the nation's largest jobbers of used textbooks. The buyer will be happy to answer any questions which you may have regarding the price paid.

**Q.** Is sixty percent the usual price paid for textbooks around the country?

**A.** Definitely not! Most stores in the United States pay only 50 percent for books being used again. The University Bookstore is one of only a very few which pay 60 percent. And remember we pay cash.

**Q.** What about paperbacks? Does the same policy apply to them?

**A.** Yes. The University Bookstore does not penalize you on text paperbacks. If they are being used again, and if the bookstore needs them, they are still worth 60 percent of the publisher's current list price. The only exceptions are mass market and English paperbacks which are bought at wholesale prices.

**Q.** If the publisher's price has gone up since I bought my books, will I receive the benefit of that price increase?

**A.** Yes. For instance, if you bought your book for \$9.00, and the publisher's list price is now \$10.00, you will get \$6.00, not \$5.40.
