

Women golfers also successful against Iowans

By Tad Stryker

The Husker football team members weren't the only Nebraskans to succeed in athletic contests against Iowans last weekend.

The UNL Women's Golf team, led by medalist Barb Reimers, won the Iowa University Invitational tournament last Friday and Saturday.

Jan Stanard, a sophomore, placed second as the Huskers finished at the top of an eight-team field.

Stanard and Reimer are the number one and two golfers, respectively, on the squad, Husker Coach Jerry Fisher said.

"We have everyone back from last year," he said, "and they're all showing improvement."

Two freshmen, Cathy Nelson of Millard and Shelly Godeken of Alma, also help, Fisher said.

"They made the trip to Iowa and an earlier one to Oklahoma City with the team," he said. The golfers finished 15th

out of 24 teams at the All-College Tournament at Oklahoma City.

"It was a three day tournament," Fisher said. "We played well the first day, poor the next, and good again the last day."

He praised Nelson's single round of 73 at Oklahoma City and Godeken's fourth place overall finish at Iowa.

"We played pretty well at Iowa," Fisher said. "We had the lowest day score ever shot at the Invite—a 311."

A day score is figured by adding a team's five lowest scores for that day together.

Remaining team members are: Robin Scherer, Sue Heggert, Karin Roberts, Lori Miller, and Kim Davis.

The team is in its sixth year and Fisher is in his second year as coach.

The Huskers won the Big Eight championship when it was at Lincoln five years ago, but haven't reached that level of success since.

"But we're getting better," he said. "I'm pleased with the way we've looked so far. I think we're improving an awful lot."

The team plays both a fall and spring schedule. Fisher said that neither season is really emphasized over the other, but, "for us our fall season is a little better because our golfers have been playing all summer." Texas provided a refuge for the golfers during the poor weather of early spring, he said.

Fisher said he's not limiting his team's chances to the Big Eight tournament this spring. He's looking toward the nationals.

"I feel that even if our team doesn't qualify for nationals, we'll have at least one individual who will," he said. No individual was specifically named, but one golfer from the best should qualify, he said.

Swimming coach predicts this season as good as last

By Pat Beecham

Husker Head Swimming Coach Cal Bentz is confident that this year's group can be just as good as last year's, when the team won the Big Eight swimming and diving championship.

"There's no reason why it's not possible (a Big Eight title)," Bentz said. "I consider this a better team than we had last year."

Bentz however, will be without one of his top swimmers from last year, Anders Rutqvist. Rutqvist decided to go back to his home in Sweden where he could get a master's degree in the time it would take him to get a Bachelor's degree here, Bentz said.

Bentz is still optimistic, though, and the main reason for his optimism is the overall team depth that he believes he has this year.

"I think we have better distribution of our good swimmers this year," Bentz said. "We have pretty good team depth."

Bentz said that he was happy with the recruiting year.

"We got some good recruits," Bentz said. "You always like to get more swimmers and better swimmers."

One of the recruits is Matt Rye from

Benecia, Calif., who was a National AAU placer, Bentz said. Now recruit Matt Goodrich from Concord, Calif. was recruited as a utility swimmer in the individual medley and the long-distant freestyle.

Along with their recruits, Bentz said that the Huskers got a good group of transfer students that will help make them stronger.

One of the transfers is Dave Achtemeier from Beloit, Wis. Achtemeier was a two year All-American at Northern Michigan, a Division II school, Bentz said.

To go along with their recruits and transfers, Bentz also has 15 returning lettermen to give the squad some experience.

Bentz said that it is hard to say how everyone will do in a meet but that everyone seemed to be working hard.

Bentz said that the team has not made any goals for the upcoming season. He said they have to set individual goals for themselves and then select captains before setting down any team goals.

The team's first meet will be at the University of Minnesota Nov. 7. The first meet scheduled in Lincoln is the Christmas Classic Dec. 13. The first dual meet at home will be against Drury, Jan. 12.
