

# GLC seeks to strengthen student lobbying interest

Seeking to involve as many students as possible in legislative lobbying efforts, members of ASUN's Government Liaison Committee and the Student Advisory Boards will "adopt" their hometown legislators.

Adopting a state senator "is a way for the advisory boards to be more active and increase their membership," Renee Wesels, ASUN president, said.

GLC will be putting together packets on each senator containing background and voting information, Nette Nelson, GLC chairman said.

The student assigned to that state sen-

ator or any interested student can consult the file before meeting with the senator.

An evaluation form also will be filled out on every student-legislator meeting and kept on file.

Five lobbying priorities in next year's UNL budget will be announced at a press conference next week in the city union.

These points were chosen by the GLC budget committee, the only student lobbying organization on the UNL campus.

"We're fighting for the budget as a whole, spotlighting our priorities," said Nelson who supports the 18 percent budget increase.
