**Move over, Filene's basement...
Books...25¢ - \$2.75 and up.**

In Boston, Filene's basement is legendary as a true bargain basement with all of the madcap antics that typify the scene. In Lincoln, Nebraska Bookstore's book bargains have become equally legendary. Since 1952, people have been coming in droves, year after year, specifically for these books—both paperbacks and hardbounds of all kinds and on virtually every subject imaginable—and some that aren't. There's hardly any kind of book that you won't find here—textbooks, novels, references, technical books, and the familiar and obscure. And best of all is the price—95% of the books are priced below \$2.75 each. In fact, virtually half of the books are priced under a dollar. We think that this is our best sale in years—maybe our best sale in all 66 years. Don't miss it.

Open Monday-Friday, 8-5:30, Saturday, 9-5:30
