All N.U. Swimmers and Divers,  
I would like to show my appreciation for all your hard work you guys put in all year. It all paid off, because so far, we are the only men's university team that has WON Big 8's. I only hope that all the coverage in the Rag hasn't kept you from catching up on all your studies. I guess we will have to win it five or six times before we get any recognition. Yes, we did win the Big one. I am proud to be a Husker.
