To Cindy AXO this poem was written,
who acts like a fox but poses like a chicken, the best of both things I want, you say,
But the price two for one expired yesterday.
Let's talk some more hoping you could pull out an ace But I could talk to you until I'm blue in the face. And nothing would change especially your opinion, Till maybe we got back to the Scottsrock Dominion You know how I've felt, and you know I'm for real, but my mind and my heart leave no place to deal. Your time and energy now belong totally to you, But these things apply to my welfare, too.
Though my emotional pain burns like a hot eel, in the back of my mind rings "It's no big deal".
It's been real.
