

## October debut scheduled for '81-'82 UNL Buzz Book

It's time for some new numbers.

The 1981-1982 Buzz Book will be out the second week of October. It consists of varsity sports schedules, campus building hours and student telephone listings.

The purpose of the book is to inform students of campus activities and provide for easier communication between students.

Brian Phillips, Buzz Book editor, is a

member of the Tau Kappa Epsilon Fraternity, which has produced the directories for the last two years. Phillips has been gathering information for the book since May.

The book will be on sale for \$1 at the campus book stores. It will also be sold in residence halls.

Profits from the 6,000 directories will go to St. Jude's Children's Research Hospital in Memphis.

## Knobel will target youth for GOP

By D.L. Horton

Nebraska youth will be one of the Republican Party's main targets in the coming state election, according to the party's state chairman.

"Don't forget the young people. It's easy to attract them and they want to vote," Ralph Knobel told those attending a Lancaster County Republican convention last Friday.

Knobel said the party has a head start in Nebraska because of its Republican governor and administration. He emphasized the importance of voter registration both in rural areas and in large cities like Lincoln.

Knobel called for a commitment to elect Republicans and correct 40 years of what he called Democratic Party taxes, regulations that restrict freedoms and "Democratic redistribution of wealth,

taking from those who work and giving to those who don't.

"Profit is not a dirty word and poverty is not a virtue," he said.

He said the Republican party supports the creation of more wealth and use of more capital.
