

Health fund drive accepts donations to help agencies

UNL is participating for the first time in the Combined Health Agency Fund Drive, said Greg Clayton, UNL manager of the Department of Insured Benefits and Retirement Personnel and Risk Management.

CHAD is held annually among commerce and industry to help the 11 participating health agencies eliminate disease. It was started in 1971 to replace several independent drives by individual agencies, Clayton said.

The funds received during the drive are used for research, Clayton said.

UNL is participating in the fund drive by soliciting UNL employees to contribute to the fund through mailings, he said.

UNL's response to the fund drive is unknown since contributions are sent directly to the CHAD office,

Clayton said. The benefits office will receive the results of the drive after it ends Oct. 2.

Many of the funds received by CHAD remain in Nebraska in the form of research grants awarded to the NU Medical Center and the Creighton University Medical Center by the individual health agencies, Clayton said.

The agencies involved in CHAD are the Nebraska Chapter of the Arthritis Foundation; the Nebraska Society to Prevent Blindness; the United Cerebral Palsy of Nebraska; the American Lung Association of Nebraska; American Diabetes Association, Nebraska Affiliate; the Easter Seals Society of Nebraska; the Nebraska Epilepsy League; the American Heart Association; the Cystic Fibrosis Foundation, Nebraska Chapter; and the Multiple Sclerosis Society, Nebraska Chapter.

ELECTRONICS CENTER

Electronics Center Presents The First Audio & Car Stereo Hearing Test

- Step 1 — Grasp Ad firmly in both hands.
- Step 2 — Put Ad to ear and listen closely for clear stereo sound.
- Step 3 — a. If you **do** hear clear stereo sound, please contact physician immediately.
b. If you **don't** hear clear stereo sound, go to the Electronics Center for immediate care.
