

“THE ULTIMATE FAN”[®] by Collectimals

A limited edition collector's bear designed by Collectimals and Dean's Childsplay LTD of England exclusively for the fans of the University of Nebraska to commemorate the outstanding record in collegiate athletics by University teams and the unsurpassed ardor and support demonstrated by you, the fans.

Because only 5,000 bears will be designed for this limited edition, this promises to be a high yield investment over the years to come.

The quality of this 24" golden jointed bear is equally unsurpassed. Dean's is recognized for superior toys, serving as official toymaker to the British Crown.

“The Ultimate Fan” is dressed in a 3-piece wool-blend red suit and includes a Nebraska pennant and a “We're #1” placard. Each bear is numbered and accompanied by a Certificate of Authenticity.

Exclusive licensing rights granted by the University of Nebraska.

“The Ultimate Fan” provides a perfect accent for your home or office — a visible expression of your support for the University. This bear radiates with warmth, charm and love and truly knows no age barriers.
