Thousands of Books... 25¢ - \$4.00 & higher

Since 1952, this is the part of our Anniversary Sale that all of Lincoln waits for . . . thousands and thousands of books priced from 25 cents each to \$4.00 and higher. And what kind of books are these? You'll find both paperbacks and hardbounds of all kinds and on virtually every subject imaginable—and some that aren't. There's hardly any kind of book that you won't find here—textbooks, novels, references, technical books, the familiar and the obscure. And best of all is the price—90% of the books are priced at \$1.00 and under. In fact, virtually half of the books are priced at 25 cents each. We think that this is our best sale in 67 years. Don't miss it.
