

MILLION DO

World Radio has just purchased \$1,000,000 of hi-fi and video gear direct from U.S. and overseas manufacturers...container loads from Tokyo, Osaka, and other major ports. Hard economic conditions have created stockpiles of excess inventory in major manufacturer's warehouses world-wide. We bought HUGE quantities of this merchandise at drastically reduced prices...And When WE SAVE BIG...YOU SAVE BIG! But we MUST SELL IT NOW or pay to warehouse it. Our goal is a MILLION, and we're going to make it!
